Inquisitive by nature and a developer by passion. A tech enthusiast who loves to code and solve real life problems. With a huge interest in programming I enjoy applying my skills to my personal projects and real life problems and also a dedicated computer science student with a strong foundation in math, logic, and coding.

## WORK EXPERIENCE

### Web Developer Delineate Innovations Private Limited

01/2019 – 03/2019

Mumbai

#### Achievements/Tasks

- Selected as an intern in web development domain
- My work was to develop a web page for a loan giving company
- I was assigned as a front-end developer to the project so my main work in the project was to develop a responsive website with a good user friendly interface.
- Some additional work include creating widgets related to loan like emi calculator which dynamically display graphs, pie charts and other information related to loans which are designed with the svg animation and jQuery animations.

## EDUCATION

### B.Tech in Computer Science and Engineering Vellore Institute of Technology, Vellore

07/2017 – Present

#### Achievements/tasks

- 8.0 CGPA
- currently in 4th semester

### High school Narayana College

05/2015 – 04/2017

vijayawada

#### Courses

- 11th class MPC percentage - 94.8
- 12th class MPC percentage - 96.0
